### New England Wild Bird Food Company Premium Bird Seed Blends

**Sanctuary Blend** is the ultimate in bird seed blends. It contains the favorite food of every seed-eating bird in this region. The added dried fruit will help attract fruit-eating birds such as orioles. It can be used in hanging feeders or in a raised platform feeder. **Ingredients:** Black Oil Sunflower, White Proso Millet, Peanut Hearts and Pieces, Safflower, Striped Sunflower, Sunflower Hearts, Canary Seeds, Thistle, Tree Nuts, Dried Raisins and Cranberries, Grit (to aid digestion).

**Select Blend** is generously fortified with the seeds that will stimulate the palate of the fussiest birds. The variety of ingredients attract most birds native to this region. **Ingredients:** Black Oil Sunflower, White Proso Millet, Peanut Hearts, Safflower, Striped Sunflower, Sunflower Hearts, Thistle and Cracked Corn.

**Cardinal Blend** contains the favorite seeds of the most popular of the backyard songbirds, the cardinal. This blend can be fed in most hanging and platform feeders. Cardinals prefer sturdy hopper or raised platform feeders. **Ingredients:** Black Oil Sunflower, Safflower and Sunflower Hearts.

**Woodpecker & Chickadee Blend** contains sunflower, peanuts and tree nuts that woodpeckers and chickadees can't resist. This blend can be fed in most hanging and platform feeders. A feeder filled with **Woodpecker & Chickadee Blend** will certainly help bring these interesting and colorful visitors to your backyard. **Ingredients:** Black Oil Sunflower, Peanut Hearts and Pieces, Striped Sunflower, Sunflower Hearts, Tree Nuts.
