Pick up date: _____ **Time:** _____

Return date: _____ **Time:** _____

Please check the box(es) for what you would like to rent:

EnviroScape® model

EnviroScape® *Environmental Resource Guide: Nonpoint Source Pollution Prevention* curriculum binder for:

Grades 3-5

Grades 6-8

Grades 9-12

All materials come with the reference guide ***Teaching Water Pollution Prevention in the Classroom*** which includes correlations of the EnviroScape® and the EnviroScape® *Environmental Resource Guide* to NH state standards as well as additional resources for the classroom.

Important information for renting the EnviroScape® model:

- ◆ Please clean off the model with water before returning.
- ◆ Please be sure to return the model WITH ALL parts that came with it (buildings, animals, trees, etc.) Children tend to like to snatch these up.
- ◆ While it is good practice to be conservative with using the materials (cocoa mix, etc.) during presentations, all materials will be replaced by the Merrimack County Conservation District after each use for the next renter.

For more information or questions please contact:

Merrimack County Conservation District

10 Ferry Street, Suite 211

Concord, NH 03301
